### **Vegan**

My floorboards are fully vegan – no animal ingredients or products involved. Cruelty-free all the way!

### **PVC-free**

I'm made of 80% wood, with the remaining 20% being paper and binding material. Meaning I'm 100% PVC free, keeping it eco-friendly!

### **Pet friendly**

Ready for some fun? I'm very durable, so your furry pals can play without leaving any lasting marks. Peace of mind guaranteed!

### **Healthy living**

Breathe easy with me with no bad or toxic fumes. I contribute to a healthy indoor climate, creating a breath of fresh air!

### **Waterproof**

Liquid accidents? I can handle it! Even after 24 hours in water, I don't budge! NALFA and ISO 4760 24h tested and successfully approved!

### **Renewable resources**

I regrow – made from wood, I positively impact the climate as my resources are renewable.

### **Extra durable**

Thanks to my high quality and surface structure, I can stay by your side for decades, without any issues.

### **Savety click system**

Your secret aid – my click system is easy to install and keeps liquids from entering joints. Listen to that satisfying click!

### **Easy to install**

I come with a user-friendly installation manual and with my easy click system, you can install me easily like a pro.

### **Made in Europe**

I'm proud to say that all my raw materials are sourced within Europe. Plus, I'm produced in Heiligengrabe, Germany.

### **Transparent**

I may not be perfect yet, but I'm working on it. Ask me anything. I have nothing to hide.
